FAÇADE RENOVATION GRANT APPLICATION
MARSHALL MAIN STREET PROGRAM

The Design Committee of the Marshall Main Street Program has instituted a grant for the renovation of building facades in the Main Street downtown district. This grant could be used for the purchase and installation of awnings, doors, signs, window repair, painting, etc.

The amount of the grant is one-half of the cost of the renovation, up to a maximum of $500. Individuals owning multiple buildings can be approved for one grant per year with a two-grant maximum. Only six façade renovation grants will be awarded each year. Certain requirements will apply as dictated by the City of Marshall and the Marshall Main Street Program. Please see the attached Design Guidelines for specific requirements.

"The couple say they wondered what they'd ~~had~~ gotten themselves into when they first stood inside the walls. The two-story ~~floorplan~~ was like that of a Hollywood set; aside from the shared brick side walls, there was very little left of the old building's structure and plenty to clean up."

OLD GRINGO'S
617 Archer Avenue

The Star Bakery and Lunchroom was established in 1897 by M. E. Whitlocke. A small building labeled bakery and lunchroom appears on the 1897 Sanborn Fire Insurance map on the south side of Cumberland (the National Road) between Hamilton/6th and Franklin/7th Streets. The building just to the east bearing the Whitlocke name at 617 Archer Avenue may have been built shortly afterwards as it first appears on the 1906 map. A barbershop operated by G. S. Ball may have been upstairs in 1901. According to George Mitchell's book, Harry Lichtenberger moved his grocery store from Locust Street to this building in the 1920s. The 1943 Sanborn map shows a bottling works in the back part of the building. Later the Glen Davis Tavern was located in the building, and more recently it was used for an antique shop.

Mike and Beverly Church purchased and renovated the building and opened their Mexican restaurant, Old Gringos, in the fall of 2004.
